

Ibintu 7 ukwiye kumenya ku rukingo rwa COVID-19

Icyo #1 Inkingo za COVID-19 ntizigutera COVID-19.

Inkingo za COVID-19 ntizirimo igice cya virusi, bityo rero ntizagutera COVID-19. Inkingo za COVID-19 zikurinda virusi. Ushobora kugerwaho n'ingaruka nyuma yo gukingirwa, nko kubabara akaboko cyangwa guhinda umuriro. Ibi ni ibintu bisanzwe kandi rusange.

Icyo #2 Inkingo za COVID-19 zirizewe, urebye imyaka ubushakashatsi bwamaze kugira ngo zikorwe.

Nta ntambwe yasimbutswa mu gukora inkingo za COVID-19. Abahanga mu bya siyansi ku isi bamaze igihe kirenga imyaka icumi bakora kuri iri koranabuhanga. Niyo mpamvu byashobotse gukora urukingo rwizewe kandi rukora neza ruboneka byihuse.

Icyo #3 Inkingo za COVID-19 zishobora kukurinda ubwoko burenze bumwe bw'iyi virusi.

Virusi zirahinduka, cyangwa zigatera ihinduka rito uko igihe kigenda gishira. Amakuru agaragaza ko inkingo za COVID-19 zikora neza mu kurwanya ubwoko bwa virusi butera COVID-19 twabonye kugeza ubu.

Icyo #4 Inkingo za COVID-19 ntizihindura aside iba mu ngirabuzima fatizo (DNA) zawe.

Inkingo za COVID-19 ni inkingo za mRNA kandi nta hantu na hamwe zihurira na DNA yaye. Zituma habaho imytwarire y'ubudahangarwa irema abasirikare b'umubiri bakurinda kwandura COVID-19.

Icyo #5 Inkingo za COVID-19 ntaho zigeze zihurira n'ubugumba cyangwa gukuramo inda.

Nta makuru rwose yerekana ko hari urukingo rwa COVID-19 rwigeze rutera ubugumba cyangwa gukuramo inda. Ntibyanashoboka mu buryo bw'ibinyabuzima ko agace gato kuri proteyine ya koronavirusi kabasha gutobora umura ngo gatere kuva amaraso. Nta kibazo cyo kwikingiza mu gihe utwite cyangwa wonsa. Abagore batwite bafite ibyago byinshi byo kurwara COVID-19 bakarembo ndetse bakanajya mu bitaro. Vugisha muganga wawe niba ufite ibibazo.

Icyo #6 Inkingo za COVID-19 ntizirimo microchip (soma mikoroshipu) cyangwa ibikoresho bigaragaza aho abantu baherereye.

Ibinyoma bivuga ko inkingo za COVID-19 zirimo microchip cyangwa ibikoresho bigaragaza aho abantu baherereye **byagaragaye ko atari ukuri**. Tuzi neza ibiri muri buri rukingo. Urutonde rw'ibigize buri rukingo warusanga kuri [interineti](#).

Icyo #7 abantu barwara indwara zidakira bagomba gutterwa urukingo igihe cyabo cyo gukingirwa nikigera.

Niba ufite uburwayi budakira, nka diyabete, ufite ibyago byinshi by'uburwayi bukomeye buturutse kuri COVID-19. Inkingo za COVID-19 zirizewe kandi zikora neza ku bantu bafite uburwayi budakira.
