

Ñaat eo imaron bōk wā eo?

Kumi in armij rein laajrak remaron bōk wā eo an COVID-19 kiō. Kūrlok [jikin ejmour eo ilo bukon eo am, jikin wia uno ilo bukon eo am, ñe ejab juon taktō](#) ñan karōke ien am etal. Kwōmaron loe jikin wā ko ilo <https://coronavirus.utah.gov/vaccine-distribution>.

- Rijerbal ro an ejmour im rej kebaak rinañinmij (einwōt taktō in ñi, rijerbal ro rej lelok jibañ ikijen kōjerbal enbwin, rijerbal ro rej jermal ilo jikin ko imaan ilo jikin taktō, ro rej jermal in kōkmanmanlok mejan ak kilin rinañinmij ro aer, rijerbal in ejmour ro ilo imōn jokwe ko, im ro jet.)
- Rijerbal im ro rej jokwe ilo jikin kejbarok iomwin ien āitōk.
- Ro rej lelok kōmadmōd ko jinointata einwōt rijerbal ro an idin taktō, būlijmaan, ro rej etal ñan idin jorren, im ro rej lale rikalbuj.
- Rikaki ak rijerbal ro ilo jikuul ko an kilaa K-12
- Armij in Utah ro 50 aer yiō im rūttolok.
- Armij ro 16 aer yiō ak rūttolok im ewōr jejetin nañinmij ko ibbeir (lale ilal)

Armij ro 16 aer yiō ak rūttolok kin jabdewōt nañinmij ko laajrak remaron tōbrak ñan wā eo an COVID-19 (elañe 16 ak 17 am yiō, kwōmaron WŌT bōke wā eo an Pfizer):

- Asplenia ekoba splenectomy ak juon jorren in juon kobban lōje jermal eo an ej kōmman im jolok cell in bōtōktōk.
- Joñan Kileb in Enbwin (BMI) kin 30 ak lablok
- Nañinmij in menono ejab bōjrak (ejab lab joñan aer in bōtōktōk) ekoba jorren menono ejab bōjrak, nañinmij in menono kin an dik bōtōktōk im akjijen ñan menono, im nañinmij in menono elukkun kauwōtata.
- Nañinmij in kitini ejab bōjrak
- Nañinmij in aj ejab bōjrak ekoba hepatitis B ak C, nañinmij in aj ikijen arkool, biliary cirrhosis eo kein kajuon, ak sclerosing cholangitis eo kein kajuon ak hemochromatosis.
- Cancer emōj kakōlkōle ilo yiō ko 5 remootlok im ear jino ilo bōtōktōk, di (bone marrow), ak cell ko ilo jikin bōbrae eo an enbwin. Cancer rōt in etanin cancer in hematology (einwōt leukemia, lymphoma, ak myeloma eo elōñ).
- Cancer eo emōj kakōlkōle iloan yiō eo 1 emootlok im ear jab jinoe ilo bōtōktōk ak di (bone marrow). Cancer rōt in etanin cancer ejab hematology. (ejenolok kakōlkōl in cancer basal im squamous cell)
- Toñal (Type I ak Type II)
- Bed ilo an jorren kein bōbrae eo an enbwin (emōjno jikin bōbrae eo an enbwin) jen bōtōktōk, di (bone marrow), ak mwijmwij in kōlaak kobban enbwin; HIV; an āitōk ien kōjerbal corticosteroids; ak uno ko jet rej kamōjno jikin bōbrae eo an enbwin.
- Nañinmij in kōmelij ko rej kajorren an jermal jikin emenono, ekoba cerebral palsy, Down syndrome, dibbubub, nañinmij in nōōb ñan makūtkūt, sclerosis eo elōñ, myasthenia gravis, nañinmij in Parkinson's, nañinmij in cerebellar elab, im quadriplegia ak hemiplegia.
- Liklik ñan nañinmij in kitini eo ekauwōtata.

- Ebök jibañ in kakajur jikin böbrae eo an enbwin
- Nañinmij in sickle cell
- Nañinmij in emenono kauwõtata ejab böjrak (oktak jen wörlok) ekoba nañinmij in jorren jikin emenono ejab böjrak im kauwõtata, nañinmij in aār, bronchiectasis, ak cystic fibrosis.
- Juon eo ear ebök kōlaak jenkwan in kobban enbwin jen mwijmwij
- Stroke im nañinmij in emelele (Alzheimer, vascular, ak frontotemporal)

Kwōjab aikuji juon beba jen taktō ñan karōke ien am etal in wā.

Rinañinmij ro rejab ioon **laajrak** kein rej aikuji kōttar mae ien eo emōj an ro rebed ilo joñan uwōta eo elabtata emōj aer wā. Kim ej kile ke ewōr nañinmij ko rejab bed ilo laajrakin in im rebar bed ilo jonñan uwōta eo elab; bōtab ewōr wōt joñan wā ñan ro remaron tōbrak kin nañinmij kein kiō. Kajojo armij rein rebed ilo joñan uwōta eo elukkun lab ñan aer deloñ aujbitol ak mij jen COVID-19 im kim aikuji in lolorjak aer bōke wā eo ilo ien eo emōkajtata.

Ta eo tōkelik?

Kim ej katmāne an naj wōr wā ko an COVID-19 jino jen Ebrol ñan kumi ko jet oktak joñan yiō ko aer, armij ro ewōr kadede aer nañinmij ko rejab laajrak ijin lōñ, im ro rej jokwe ilo jikin ko armij rej jokwe ibben doon im elablok joñan uwoōta ñan aer boōk kij eo ej kōmman COVID-19. Ej aikuji wōr wā ñan aoleb armij ilo jemlokin spring ak jinoin jemar.

Kwōjab aikuji “bed ilo laajrakin etan armij ro rej kōttar” ñan am maron bōk wā eo. Ilo ien eo enaj wōr wā, kim ej katmāne an naj wōr ilo elōñ jikin ko ilo jukjukinbed eo am. Jikin kein renaj kwalok ilo <https://vaccinefinder.org/>.
