Events, Cultural Arts & Entertainment
(including Sporting Events, Concerts, Rodeos, Convention Centers, Theatres, Museums, Zoos, Aquariums, Aviaries, Botanical Gardens, Libraries, Indoor Arenas) | Utah’s Low Risk Phase Guidelines

In-person operation of this industry is allowable under increased cleaning regimen and operational protocols in place to ensure safe distancing restrictions are met

- Follow all employer guidelines (see below)
- Must have ability to track attendance
- No temporary mass gatherings as defined in Rule R392-400
- Event size can exceed 50 individuals if organizational oversight can be provided that ensures guidelines are followed
- A 6-foot distance must be maintained between household groups at all times including while seated
- For reserved-seating facilities, facility capacity is dependent on ability to block reserved seats (demonstrated on digital seat map) to ensure safe radius
- Set an established window time for high-risk groups to come in without pressure from crowds and/or separate entrances and queues
- Limit the number of people in a confined area to enable adequate distancing at all times
- Maintain signage to remind and help individuals stand at least 6 feet apart when in common areas or while visiting exhibits (e.g. museums, zoos, aquariums, aviaries, botanical gardens)
- Distribution of promotional items, candy, food items, etc. during spectator events must be distributed in a manner that does not promote congregating
- Congregating at any point is not allowed
- Encourage contactless payment; disinfect between transactions at facility stores/gift shops and comply with other retail recommendations
- Participants (e.g., players, performers, actors) in events should have their symptoms checked
- Dedicated staff for sanitizing high-touch areas

Moving to yellow

A color-coded health guidance system has been developed by the State of Utah to guide health behaviors for individuals and businesses. Each level of the dial is guided by a rigorous measurement system which can be different by each region, county, city, or community.

Employers encourage flexible working arrangements (rotating shifts, remote work, etc.). Comply with distancing guidelines. Increased cleaning regimen of high-touch areas. Monitor employees for symptoms and well-being.

• All businesses open
• Employers take reasonable precautions
• Provide accommodations to high-risk employees; minimize face-to-face contact, assign tasks that allow these individuals to maintain a 6-foot distance from other employees or customers, implement flexible work hours or staggered shifts, allow high-risk individuals to work remotely
• Symptom* checking in business interactions
• Face coverings worn in settings where other social distancing measures are difficult to maintain; ensure that face coverings are available
• Encourage remote work when possible; employers exercise discretion with returning to onsite work
• Workplaces comply with distancing and hygiene guidelines
• Limit unnecessary travel
• Require employees to self-quarantine when returning from high-risk** areas
• Employers evaluate workforce strategy and concerns and enact strategies to minimize economic impact
• Employers must not allow any individuals under isolation or quarantine to come to work at any time unless authorized by LHD

* Symptoms include fever of 100.4 degrees Fahrenheit or above, cough, trouble breathing, sore throat, sudden change in taste or smell, muscle aches or pains
